6. Requests for Annuity Estimates: As we anticipated from past

experience when a possible cost-of-living annuity increase is probable, the number of employee requests for annuity estimates from Retirement Affairs Division is increasing. During the month of April, we prepared 596 estimates. Based on past experience, a high percentage of these requests for estimates are from individuals who are probably just curious rather than serious candidates for retirement. The volume of requests is expected to continue with the more serious eligibles surfacing in late May.

7. Deductions from CIARDS Annuities for Credit Union and UBLIC:

A check of the responses to the letters sent to CIARDS annuitants on this subject revealed the following:

a. Of 95 annuitants currently paying for UBLIC, 33 so far have authorized deductions from their annuity for payment of premium;
